

## Join forces

MTE Group B.V.

Oude-Tonge, Brielle, 23th April 2019

### **MTE Integrated Turnaround Services and Zehua Tower Services join forces**

With the acquisition of the majority of shares (95,1%) of Zehua Tower Services BV (ZTS, The Netherlands), MTE Integrated Turnaround Services BV (MITS, The Netherlands) strengthens its position as supplier for turnaround services and mass transfer equipment in Europe. The remaining 4,9% of the shares in ZTS are still held by Beijing Zehua Chemical Engineering Co., Ltd. (Zehua, P.R. of China).

Both MITS as well as ZTS are rapidly growing companies that provide services for inspection, revamping and replacements of column equipment for chemical and petrochemical industries. Both companies can rely on an experienced and motivated crew with a more than excellent safety record.

The combined expertise will further enhance the capabilities of MTE to execute turnaround services on an even higher level than before and will generate significant advantages for MTE's and ZTS's customers.

Johan Mulder, MTE Group's COO states: "With the acquisition of ZTS we are not only increasing our ability to take on bigger and more complicated projects, but also tighten our bond with Zehua ChemTec. During the acquisition process they proved to be a very cooperative and knowledgeable partner. Also, we are very proud of the teams from MTE and ZTS; merging existing teams together is never easy. However, both Ron Kleijn (MTE) as well as Thomas Hudson (ZTS) have done an excellent job with their teams and we are looking forward to working closely with them in the future."

### Additional company and contact information

#### About Zehua Tower Services

ZTS is a highly regarded provider of turnaround services for column equipment. ZTS is mainly focused at turnarounds at petrochemical plants. From 1st January 2020 the name will be changed to: MTE Zehua, part of the MTE Group.

For more information please contact Thomas Hudson, lead project manager petrochemical, +31 10 231 260 or [info@mte-bv.com](mailto:info@mte-bv.com)

#### About MITS

MITS initially emerged from MTE's process technology division solely for the installation of customer projects. Soon market demands led to the founding of turnaround services for column equipment. Nowadays MITS is mainly focused at turnarounds and revamps at chemical plants.

For more information please contact Ron Kleijn, project manager chemical, +31 10 231 260 or [info@mte-bv.com](mailto:info@mte-bv.com)

#### About MTE Group

MTE Group BV is the holding company of MTE ceramic support BV, MTE process technology BV, MTE Integrated Turnaround Solutions BV, MTE Brubin and Zehua Turnaround Services BV. MTE is owned by J.C. Mulder (CEO) and P.J.A. Mulder (COO).

For more information contact Johan Mulder +31 10 231 260 or [info@mte-bv.com](mailto:info@mte-bv.com)
